GOVERNOR JOSH SHAPIRO

Dear Friend of Pennsylvania Agriculture,

Welcome to the 108th Pennsylvania Farm Show! We're pleased to have you as our honored guest at Pennsylvania's State Fair™ — the nation's largest indoor agricultural expo. We're proud to ring in 2024 by welcoming you to our capital city to taste and experience Pennsylvania's best, and connect with the people and products who make us a national leader. This year's theme, **Connecting Our Communities**, highlights Pennsylvania's people, innovations, ingenuity, and investments that feed our families and prosperity, and enrich our quality of life, no matter where we call home.

The PA Farm Show is an annual stage where Pennsylvania's \$132.5 billion agriculture industry and its people and products shine in thousands of competitions, educational, and entertaining events. Whether you're a seasoned competitor vying for a blue ribbon, annual visitor, or first-timer, we're glad you've joined us to celebrate Pennsylvania and the diverse people who are connecting generations, geographies, cultures, and communities across our great Commonwealth.

If you're a young person or seeking a new field to put your passions and skills to work, we hope you find career inspiration or even connect with a new career in the agriculture field. The PA Farm Show Complex and Expo Center is a million square-foot classroom where you can meet people who care for animals, raise crops on fields and in cities, innovate to add value to those products, harvest valuable hardwoods, protect our precious land and water resources, and ensure a safe, nutritious food supply to feed our communities and a hungry world. The PA Farm Show is a great opportunity to see their careers in action and make your own connection to a bright, rewarding future.

While you're here, we invite you to connect with neighbors who produce food in your community and support them by buying a take-home treat from our farm market or buying food to support agriculture scholarships in one of many food court locations. If you're an amateur chef or just someone who loves to eat, we invite you to take in a demonstration at the PA Preferred® Culinary Connection. Enjoy some friendly, but intense rivalry. And sample delicious recipes sourced from PA farms and skillfully crafted by celebrated chefs from PA restaurants, national TV networks, and kitchens serving our distinguished U.S. military branches, and PA professional athletes.

Connect with top competitors in cooking, livestock, crafts and more from Pennsylvania's 108 county and community fairs, and enjoy some competitive fun as unique as our mid-winter state fair. We hope you'll stay a while to celebrate what makes us great together, connect to communities of new and old friends, and find connections that will feed your life throughout the year.

All the best,

Josh Shapiro
Governor

Russell Redding
Secretary of Agriculture

WELCOME TO THE 2024 PENNSYLVANIA FARM SHOW!

Dear, Friends,

Each year, as I gather my thoughts together to put them on paper to **Welcome** everyone to the Farm Show, I am overwhelmed inside with pride. Proud that I am fortunate to be part of a group of volunteers of Annual Friends, Lifetime Friends and a nine-member Board of Directors, who have given freely of their time and efforts to support our Mission Statement to stimulate, facilitate and support educational programs for the annual Farm Show and to help to maintain this event as — our nation's largest indoor agricultural exposition.

What better way to exemplify this year's 108th Farm Show theme, **Connecting Our Communities**, than to highlight our almost 110 local, county and regional agricultural fairs. These fairs, whether they be ones such as the Cumberland Ag Expo, Perry County Community Fair, Lebanon Area Fair, Shippensburg Community Fair, York State Fair, Bloomsburg Fair or the Allentown Fair, they all exemplify the connectivity to our future 4-H and FFA involvement. The skills developed and the life lessons learned from these youth participating in, in-school and hands-on programs are immeasurable as our youth progress to becoming our true future "leaders of tomorrow" and to becoming leaders in, **Connecting Our Communities**.

The largest indoor agricultural exposition in the United States provides a vast array of opportunities both in the competition and in the educational areas. There are hundreds of classes of competition for young and old alike to be involved in, to seek that Farm Show Blue Ribbon or that cherished championship Walnut-Shield Plaque. Also, everywhere one looks, there are possibilities to learn something about Pennsylvania's \$132.5 billion Agricultural Industry. Come! Touch! See! Enjoy! The results of, **Connecting Our Communities**.

The Board of Directors of the Foundation is very proud to report, that since our financial support of the first Farm Show in 2011, the Board, as of the end of the 2023 Farm Show, has contributed over \$1.8 million in support of our Mission Statement.

We are hopeful that this Visitor's Guide provides you with valuable information that enhances your educational experience at the 2024 Farm Show. The Foundation sincerely thanks the Visitor's Guide advertisers for their involvement and participation since without their help, this publication would not be possible.

Thank you for being a Friend of the Pennsylvania Farm Show. Enjoy the Show!

Connecting Our Communities

Agriculture unites us — from the food, fuel, and fiber we rely on for our quality of life, to the food of our cultures and identities, fuel for our economy, and the fibers that weave together to form our diverse communities.

The 108th PA Farm Show will explore the many people whose input into our agricultural industry create impact, cultivate resiliency, and ultimately, connect communities across differences. Agriculture is not just a way of life in Pennsylvania; it is a shared heritage and a collective future that unites us all. In the rolling hills and bustling urban streets of our great state, agriculture grows more than crops and livestock — it grows opportunities and connections.

Our farmers work tirelessly, not just to feed their families, but to nourish our entire community. In every bite, we taste the dedication and hard work of those who till the land. But it's not just about sustenance; agriculture is the heart of our communities. The food and rich agricultural products from our farmers bring us together. Through these connections, we share stories of who we are, our hope in the future, our reverence of the past — strengthening bonds that transcend zip codes.

The 2024 PA Farm Show is your time to experience the connections and the many people who unite around this industry. Celebrate the innovation, diversity, and strength of Pennsylvania agriculture that makes our progress possible.

2024 CHILDREN'S BOOK

The 2024 children's book, "Heidi and Mark's Farm Show Safari," written by Friends of the Pennsylvania Farm Show Foundation historian Mary Klaus, explores a day through the eyes' of twins participating in the AgExplorer program.

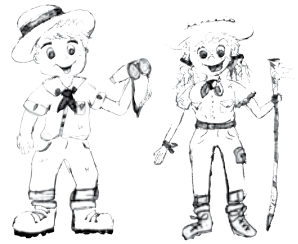

They spend a wonderful day at the Farm Show following their AgExplorer map as they visit about two dozen stations to learn about bees and beef, potatoes and pigs and much more. As their visit ends, they conclude that Pennsylvania is an important agricultural state — and that learning through the AgExplorer program is cool.

"That is the whole purpose of the AgExplorer

program," said Larry Weaver, Friends of the Pennsylvania Farm Show Foundation treasurer and one of the program founders.

"Back in 2007, we contacted the commodities groups at the Farm Show and asked if they were interested in coming up with a fun way for kids to learn about farming," Weaver said. "That year, we had about 10 stations. It grew from there."

To learn more about the program see page 7.

Break out of your shell and watch the virtual chick hatch on site or from the comfort of your own home! To protect Pennsylvania's \$7.1 billion poultry industry from the ongoing threat of avian influenza, live poultry exhibits were canceled for the 2024 PA Farm Show. But catch them live on the Farm Show virtual Chick Hatch. From egg to fluff, watch them strut their stuff.

Oh haaay! Saddle up and hold on tight for a horse encounter that's out of sight! Gallop over to the Equine Barn to chat with these gentle giants (and their owners) where you'll learn about horse care and training. Join us Monday at 10 a.m., Tuesday, at 10 a.m. and Thursday at 12:30 p.m

Join those who've got a green thumb, are handy with a hacksaw, skilled in sewing, and managing the best mullet as a full line-up of entertainment is scheduled on the presentation areas in the GIANT Expo, Main and East Halls. Whether you are a seasoned farmer, just curious about where your food comes from, or simply want to be entertained, the stage presentations at the PA Farm Show are not to be missed.

See the full line up of events in the master schedule starting on page 41.

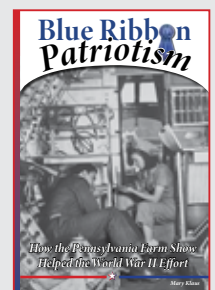

The Friends of the Pennsylvania Farm Show Foundation will be selling Farm Show children's stories and its two Farm Show history books at its booth in the Giant Expo Hall.

The books, all written by Friends of the Pennsylvania Farm Show Foundation historian Mary Klaus, include:

- **"Hold Your Horses! The Pennsylvania Farm Show at 100"** shares the rich history, inspiring stories and photos of the country's largest indoor agricultural exposition. \$15.

- **"Blue Ribbon Patriotism How the Pennsylvania Farm Show Helped the World War II Effort,"** tells the little-known story about how the Pennsylvania Farm Show Complex hosted training for military aircraft mechanics from 1942-1946 before hosting the Farm Show again in 1947.

PA Preferred® Food Court

The Pennsylvania Farm Show is the largest indoor agricultural event in the nation. The PA Preferred® Food Court — one of the show's most popular highlights — is filled with several taste-tempting dishes showcasing some of the highest-quality Pennsylvania food products. Located in the GIANT Expo Hall and Food Court Annex in the Main Hall, the 2024 PA Preferred® Food Court promises to be a delicious reminder of the importance of PA Agriculture. From mushroom salad and apple dumplings to the always popular pork barbecue, the food court displays a slice

of the diversity for every tastebud featuring PA-made and PA-grown products.

Operating the food court successfully requires an estimated 2,000 volunteers. Sales generate significant revenue to support small local businesses and Pennsylvania farmers, as well as research, programming, and youth scholarships. Supporting organizations invest their time, money and passion for agriculture in serving the needs of hungry Farm Show crowds.

Since 1993, The Pennsylvania Farm Show Scholarship Foundation has awarded more than \$1.8 million in scholarships to help youth preparing for careers in agriculture. The foundation recently talked to a few recipients and asked if we could share their stories.

Dori Kralj

Marketing Specialist, Merck Animal Health

Dori Kralj is the Marketing Specialist for Merck Animal Health's Swine Business and is responsible for setting specific objectives to develop a cohesive and profitable marketing strategy. Kralj holds both a master's degree in business administration and a bachelor's degree in animal science from Iowa State University. She is based out of Merck's corporate office in Lenexa, Kansas. She grew up in the rural town of Emlenton, Venango County in north-western Pennsylvania.

Kralj fondly remembers, "Going to the PA Farm Show and working was a tradition in my family for as long as I can remember. There are pictures of me from when I was 6 months old till my last year of showing pigs.

The PA Farm Show Foundation Scholarship helped me further my education at Iowa State both inside and outside of the classroom. I was able to use those funds to go on study abroad programs that inevitably expanded my knowledge about the agriculture industry globally. It also provided me the opportunity to expand my education to get my master's degree.

Kralj shared, "Receiving the PA Farm Show Foundation Scholarship was very much appreciated as it was more about being recognized for all the hard work and dedication, I had put towards helping an organization that had helped me grow into the person I am today."

Morgan Firestine

Events Director

Morgan is a graduate of the Pennsylvania State University where she received a Bachelor of Science Degree in Agribusiness Management and received a Master's of Business Administration from Delaware Valley College. Morgan is currently the Events Director at the Pennsylvania Farm Show Complex and Expo Center, where she assists in managing the diverse events held throughout the year including the competitive events for the state sponsored shows. The PA Farm Show Complex and Expo Center has the most versatile space with over one million square feet including conference rooms, large exposition halls, arenas and banquet facilities and hosts over 200 large and small events and meetings throughout the year. Morgan currently resides in Richland, PA with

her husband Kyle, son Hudson and their two dogs and enjoys working on her family's farm in her spare time.

Winning the scholarship in 2005 was an honor. It allowed me to continue my college education but also validated my dedication and passion for the industry. I remember in 2005, being introduced as the next class of future Pennsylvania agriculture leaders and that's exactly what the Foundation promotes. It is truly amazing to look at the past recipients and all of their accomplishments. I am extremely grateful to the generous agriculture community of donors, which allows the Foundation to continue to encourage upcoming agriculture leaders and provide opportunities to grow their future in the industry.

PENNSYLVANIA FARM SHOW SCHOLARSHIP FOUNDATION

In the Farm Show tradition of providing educational activities and support, the Farm Show Scholarship Foundation was established to assist Pennsylvania youth with financial support in their goal to pursue continued education. Recognizing the value of agriculture to the state's economy, this program is designed to help students reach their goals and hopefully keep them our agriculture industry.

The Farm Show Scholarship Foundation was established in 1993 through the vision and generous support of several key leaders in agriculture and three companies that contributed more than \$11,000 toward scholarships. Purchasing Livestock shown at the Pa Farm Show

‘Ever thought about bringing home the bacon? The Farm Show Junior Livestock Sale provides the opportunity to take home meat raised right here in the Keystone State.

4-H and FFA members work hard for a year or more, to prepare to show their market livestock over the three days at the beginning of the PA Farm Show. Their work purchasing, raising, training, clipping, and showing their market animals has all led to the minute they bring their animal to the auction block at Tuesday’s sale. Bidders support these youth, who then invest the money in their education or their herds and flocks.

WHY BUY AN ANIMAL AT THE JUNIOR LIVESTOCK SALE?

- Cheaper than purchasing meat at the store.
- Knowing where your food comes from and who raised it.
- Supporting the next generation of agriculturalists and agriculture promoters.

BEFORE YOU SEEK THE WINNING BID :

Do you have enough freezer space?

*(Here’s how much
meat to expect!)*

- **Steer:** 450-500 pounds of beef
- **Hog:** 120-150 pounds of pork (bacon, sausage, ham)
- **Sheep:** 40-55 pounds of lamb
- **Goat:** 35 pounds of meat
- **Rabbit** (sold by pen): 3-4 pounds each

Do you have a preferred butcher shop?

- If so, let them know you’d like them to handle harvesting and fabrication of an animal you hope to purchase at the Farm Show. If not, contact your county Penn State Extension office for help locating a shop. **If you are purchasing a hog: all hogs must go directly to harvest with pre-approval of trucking and harvest facilities.**
- If you don’t have a livestock trailer, your butcher shop, or the exhibitor you plan to purchase from, may be able to help you find a hauler.

**Please contact the PA Farm Show’s livestock
office at 717-787-2905 if you need more info.**
